Disclaimer: This report is based on the fingerprint samples given to us willingly by the individual, or for a child with the permission of a parent or guardian. It is a guidance tool based on dermatoglyphics, a field in which research is still continuing; it is not a medical or psychological diagnosis. Any decision taken on the basis of this report is your own, and the organisation and its representatives are not responsible for its results. For an important decision about education, career or health, please also consult a qualified professional. **This report is best interpreted by a certified analyst.**

WELCOME

Congratulations, Gaurav!

Dear Gaurav,

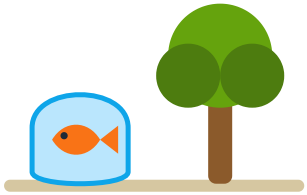

Congratulations on taking your Inborn Potential & Aptitude Test. This report shows the talents you were born with and how to build on them.

You are an **Eagle** with an **Owl** side, your strongest intelligence is **Intrapersonal**, and you are an **auditory learner**.

WHAT THIS REPORT REVEALS

- **Your inborn talents**
- **Multiple intelligences**
- **Your learning style**
- **Levels of your quotients**
- **Personality and behaviour**
- **Strengths and how to grow**

We believe every person is born with talents of their own. Once you know yours, you can build on them and do your best in life.

There is a well-known saying: everyone is a genius, but if you judge a fish by its ability to climb a tree, it will spend its whole life believing it is stupid. Everyone has a different talent. Comparing yourself with others can hide what you are naturally good at. Aim for what suits you, work hard for what you want, and do not be hard on yourself when you cannot do everything perfectly.

Our trained counsellors will explain this report in detail, answer all your questions and suggest next steps where needed.

Best wishes!

OVERVIEW

Your Report at a Glance

Six key results on one page - each is explained in the pages that follow.

Personality type 01

Your natural style, from your thumbs

PRIMARY

Eagle · Dominant

SECONDARY

Owl · Compliant

☆ Mainly an **Eagle** (dominant) with an **Owl** side (compliant)

Brain dominance 02

Which side of your brain leads

LEFT BRAIN

LEADS

Logic · Words · Detail

RIGHT BRAIN

SUPPORTS

Creativity · Pictures · Feelings

☆ Your **left brain leads slightly** - logic, words, detail come first

Learning style 03

How you take in new things

YOUR STYLE

RANK 1	RANK 2	RANK 3
Auditory	Visual	Kinesthetic

☆ You **learn by hearing** - hear it, say it, discuss it

Acquiring style 04

How you like to pick up knowledge

Self-Cognitive	RANK 1
Affective	RANK 2
Reflective	NOT SEEN
Reverse Thinker	NOT SEEN

☆ **Self-Cognitive** - you learn on your own, goal first

Multiple intelligences 05

Your eight intelligences, strongest first

Intrapersonal	RANK 1
Linguistic	RANK 2
Musical	RANK 3
Interpersonal	RANK 3
Naturalistic	RANK 4
Visual-Spatial	RANK 5
Logical	RANK 5
Bodily-Kinesthetic	RANK 6

☆ Strongest: **Intrapersonal, Linguistic, Musical, Interpersonal**

Quotients 06

Four sides of your ability

RANK 1	RANK 2	RANK 3	RANK 4
CQ	**IQ**	**EQ**	**AQ**
Creativity	Intelligence	Emotional	Adversity

☆ Strongest: **CQ - Creativity Quotient** (new ideas and imagination)

PERSONALITY

Your Personality in Depth

Your Eagle and Owl sides together - who you are, what drives you and where you shine.

PRIMARY

SECONDARY

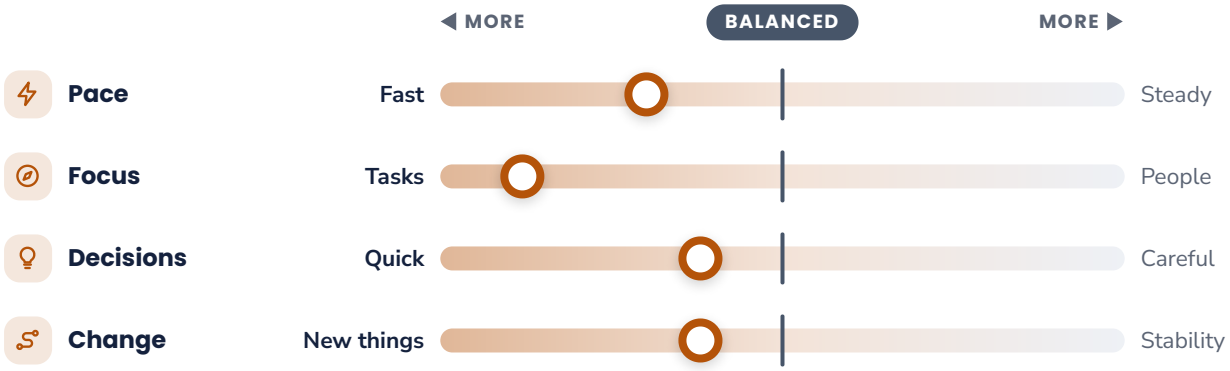

EAGLE · DOMINANT · OWL · COMPLIANT

The Strategic Achiever

You set big goals, then plan them carefully so they really happen.

As an Eagle, you are bold, decisive and direct - challenge excites you and you are motivated by winning and quick results. Your Owl side adds care for detail, logic and quality. Keep an eye on impatience and missing what others need - your Owl side helps you pause and check the facts.

YOUR STYLE ON FOUR LINES – THE DOT SHOWS WHERE YOU SIT; THE CENTRE LINE IS BALANCED

What drives you

your goals - Eagle and Owl colours

- Unique Accomplishments
- New Opportunities
- Being heard and followed
- Independence
- Correctness

Your natural strengths

use them every day

- Goal Oriented
- Strongly Willed
- Originality
- Leadership
- Active
- Good Organizer
- Task Oriented
- Multi Tasker

What you naturally do well

You are highly focused, driven and motivated, so setting goals and chasing results comes naturally. You are independent and like to do things your way. You don't like to fail. **With your Owl side:** you are naturally curious and interested in gaining knowledge and becoming an expert.

Your bird shows how you behave with people; your intelligences show which skills come easily - the two can differ.

NATURAL STYLE AT WORK

- Developer
- Results Oriented
- Inspirational
- Creative
- Objective thinker
- Perfectionist

WHERE THIS STYLE IS OFTEN SEEN

- Administration
- Finance
- Auditing
- Training

PERSONALITY

Your SWOT Analysis

Your Eagle and Owl sides together - what to use, fix, grab and guard, plus two checklists to act on.

filled = your **Eagle** dashed = your **Owl** side

USE

your strengths · put one to work every day

- Strongly Willed
- Result Oriented
- Highly Motivated
- Assertive
- Leadership
- Sincere
- Enjoys personal freedom
- Loves Challenges
- Perfectionist
- Works in micro detail
- Analytical Thinker

FIX

your weak spots · pick one and work on it for 3 weeks

- Can be too forceful
- Likes to control
- Can miss others' feelings
- Impatient
- Can be too practical with people
- Can be demanding

GRAB

your opportunities · say yes to new chances

- Can convert resources to results
- Best suitable for larger picture
- Goals and cost conscious targets
- Will do well in research based tasks
- Best for risk assessment

GUARD

against threats · spot the warning signs early

- Being rigid towards changes & people
- Not giving adequate time for results
- Being egoistic and forceful on others

Team up with people who...

they balance your main Eagle style

- [x] Weigh pros and cons
- [x] Calculate Risks
- [x] Use Calculation
- [x] Research Facts
- [x] Deliberate before deciding

How others can talk to you

what works best with your main Eagle style

- [x] Give you the bottom line first
- [x] Keep it brief and to the point
- [x] Be specific - no general talk
- [x] Say it once - no repeating
- [x] Talk about solutions, not problems

PERSONALITY

Your Relationship Compatibility

You with each personality type - where you click, where you may clash, and what to try.

You are mainly an **Eagle** (fast-paced, task-focused) with an **Owl** side. Your main bird decides how you get along with others. Here is how you get along with each type - at home, in class and at work.

Same type · Same pace · Same focus · Opposite style

You + another Eagle

Same type

WHERE YOU CLICK
You both like to lead and move fast, so you get on well as long as each has their own area.

WHERE YOU MAY CLASH
You may clash when you both want control of the same thing.

TRY THIS
Agree who leads what before you start.

- Same pace - both fast
- Same focus - both task

You + a Peacock

Same pace - fast

WHERE YOU CLICK
You both bring energy and like to get things moving.

WHERE YOU MAY CLASH
You may clash when a Peacock's work runs late or when you have a tight deadline; you like control, a Peacock likes freedom.

TRY THIS
Give the Peacock freedom on how, and be clear on when.

- Same pace - both fast
- Different focus - you task, Peacock people

You + an Owl

Same focus - task

WHERE YOU CLICK
You set the goal and the Owl makes the plan solid - a strong pair.

WHERE YOU MAY CLASH
An Owl is careful and you are fast - you may feel slowed down.

TRY THIS
Slow down a little, and ask the Owl to speed up a little.

- Different pace - you fast, Owl steady
- Same focus - both task

You + a Dove

Opposite style

WHERE YOU CLICK
You each have what the other lacks - together you cover both results and people.

WHERE YOU MAY CLASH
You like challenge and speed; a Dove likes calm and a steady pace.

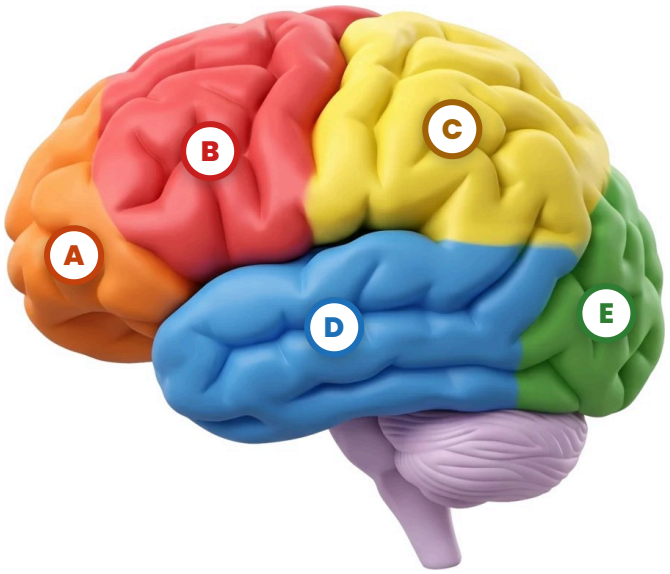

TRY THIS
Each of you take one step towards the other's pace.

- Different pace - you fast, Dove steady
- Different focus - you task, Dove people

YOUR BRAIN

Your Brain Neuron Distribution

Your five brain areas (A to E), and the pattern and ridge count of the finger that feeds each side.

HOW YOUR BRAIN POWER IS SHARED

A	**Action** decisions and drive	25.5%
B	**Think** reasoning and ideas	15.2%
C	**Do** hand and body skills	17.2%
D	**Feel** language and feelings	23.0%
E	**Watch** seeing and observing	19.1%

☆ Most active: A - Action (decisions and drive)

LEFT BRAIN from your right-hand fingers **52.0%**

48.0% **RIGHT BRAIN** from your left-hand fingers

RIGHT THUMB	Double Loop	Rational thinking	12.7% HIGH	A Action	LEFT THUMB Whorl Composite Leadership 12.7% HIGH
RIGHT INDEX	Whorl Composite	Logic & reasoning	8.8% LOW	B Think	LEFT INDEX Double Loop Imagination 6.4% LOW
RIGHT MIDDLE	Loop	Fine motor skills	9.3% MEDIUM	C Do	LEFT MIDDLE Whorl Peacock Gross motor skills 7.8% LOW
RIGHT RING	Whorl Spiral	Language ability & understanding	11.8% HIGH	D Feel	LEFT RING Whorl Peacock Music, sound 11.3% MEDIUM
RIGHT LITTLE	Loop	Visual identification	9.3% MEDIUM	E Watch	LEFT LITTLE Loop Visualisation art 9.8% MEDIUM

Ridge count % = that finger's share of all your ridges. **Neuron activity (among your own ten fingers):** High · Medium · Low

This is a dermatoglyphics model - it shows your natural preference, not a medical measurement of the brain. Low does not mean weak; it means used less by nature, and it grows with practice.

LEARNING & INTELLIGENCES

How You Think

Object driven or concept driven - read from your thumbs and index fingers.

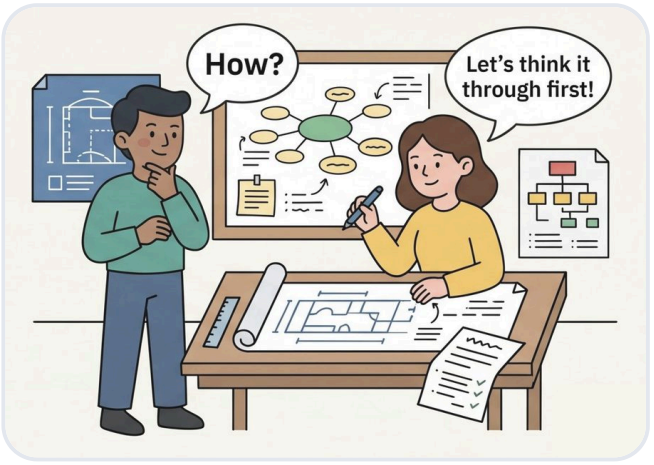

You are Object driven

You ask "Why?" first - "Let's try it out and see how it works".

62.7% **Object driven**
Psychological capability

YOUR MODEL

37.3% **Concept driven**
Planning capability

What this says about you

Psychological capability - 62.7%

- Highly determined
- Strong at making and building things
- Goal oriented, bold and confident
- Happy to take a risk

What you should do

simple steps that suit your model

- Set a clear goal before you start anything
- Ask "why" - knowing the reason keeps you going
- Learn by doing: discuss, solve problems and try things out
- Turn new information into something to do straight away

Psychological capability = your drive to act; Planning capability = your drive to think it through first.

Your object driven side is clearly stronger - use it, and borrow the concept driven way for tasks that need it.

LEARNING & INTELLIGENCES

How You Learn

Seeing, hearing or doing - which way you take in new things best.

You are an Auditory learner

You learn best by hearing - listening, talking and discussing. Your rank 2 style: visual.

YOUR STYLE

RANK 1
Auditory

RANK 2
Visual

RANK 3
Kinesthetic

How you should study

made for an auditory learner

- Read your notes aloud and record them to listen again
- Discuss topics with a study partner or group
- Ask questions in class - talking it through fixes it in memory
- Turn facts into a rhyme, song or rhythm

Tests that suit you

Oral exams, and written answers about what you heard in class.

Tests to prepare harder for

Reading passages and writing answers in a timed test.

Mix it up: learn first in your **auditory** way, then revise in your **visual** way - using two styles makes things stick.

LEARNING & INTELLIGENCES

How You Pick Up Knowledge

Your acquiring style - the way you like to take on new knowledge.

You are mainly Self-Cognitive (70%)

You set your own goals and like to work on your own. Your Affective side (30%) adds: you learn through people - watching others, encouragement and support.

70% Self-Cognitive — YOUR STYLE

30% Affective

0% Reflective

not seen in your prints

0% Reverse Thinker

not seen in your prints

Your strengths

- Independent
- Goal oriented
- Self-starter
- Confident
- Determined
- Takes charge
- Learn by watching others
- Learn fast

Keep an eye on

- Can be stubborn
- Can be inflexible
- Can seem bossy

What you should do

- Set your own targets and track them
- Ask for the goal, then the freedom to reach it your way
- Stay open to other people's ideas
- Study with friends or a good role model

LEARNING & INTELLIGENCES

Your Quotients: The Pressure You Can Handle

Four kinds of strength - which one carries you when things get hard.

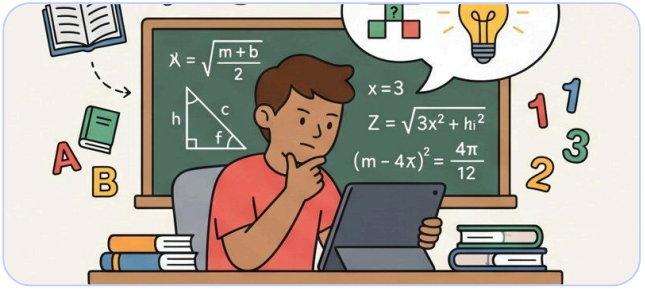

Your quotient order: CQ, IQ, EQ, AQ

When things get tough, you find a new way when the old one fails. Your AQ is the one to top up.

CQ Creativity Quotient — RANK 1

New ideas, imagination and fresh solutions

IQ Intelligence Quotient — RANK 2

Reasoning, logic and how fast you learn

EQ Emotional Quotient — RANK 3

Understanding and handling feelings - yours and others'

AQ Adversity Quotient — RANK 4

Facing setbacks and bouncing back

Your power: CQ

rank 1 - the fullest battery

Your creativity quotient is your strongest - new ideas, imagination and fresh solutions. In a test, a fight with a friend or a hard day, lean on it first: you find a new way when the old one fails.

Charge up: AQ

rank 4 - the one to top up

- Treat mistakes as practice, not failure
- After a setback, set one small goal and finish it

Your pressure order: **CQ (rank 1)**, **IQ (rank 2)**, **EQ (rank 3)**, **AQ (rank 4)**. All four work together - when one runs low, the others carry you. In this method most people score higher on CQ and IQ, and quotients come from all ten fingers together - so read your own order, not a comparison with others or with the single brain areas.

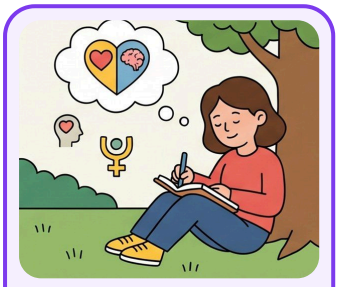

LEARNING & INTELLIGENCES

Your Multiple Intelligences: Your Tools

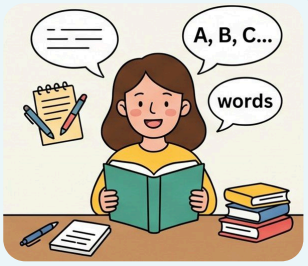

Eight intelligences, strongest first - the tools you use to learn, work and handle pressure.

Your top tools: Intrapersonal, Linguistic, Musical and Interpersonal

These are the tools you reach for first, in study, work and hard moments.

Intrapersonal — RANK 1

Linguistic — RANK 2

Musical — RANK 3

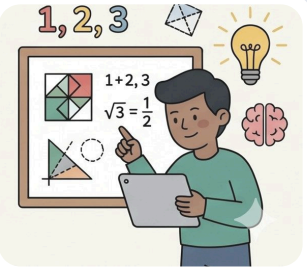

Interpersonal — RANK 3

Naturalistic — RANK 4

Visual-Spatial — RANK 5

Logical — RANK 5

Bodily-Kinesthetic — RANK 6

Your main tools

your intelligences ranked 1 to 4 - use them every day

- **Intrapersonal** - knowing yourself and planning your own path
- **Linguistic** - words: reading, writing and speaking
- **Musical** - sound, rhythm and music
- **Interpersonal** - understanding and working with people
- **Naturalistic** - noticing nature, patterns and differences

Tools to sharpen

a simple way to start

- **Logical:** Play logical/mathematical games
- **Bodily-Kinesthetic:** Join a sports team - cricket, football, kabaddi or any group sport

Put it together: under pressure you lean on your **CQ**, and you put it to work through your **Intrapersonal** and **Linguistic** tools. Rank 1 is your strongest tool - the more steps lit, the stronger the tool.

LEARNING & INTELLIGENCES

The Elements of Your Intelligences

The smaller skills inside each intelligence - strongest intelligence first.

Your strongest elements

Body-language signals, Understanding people and language, Sense of position & space.

Intrapersonal — RANK 1

- Self-motivation & emotions ●●●●○
- Initiative, planning & judgement ●●●○○

Linguistic — RANK 2

- **Body-language signals** ●●●●●
- Word memory & language ●●●●○
- Understanding written text ●●●○○

Musical — RANK 3

- Hearing and recognising sounds ●●●●○
- Voice tone & pitch ●●●●○

Interpersonal — RANK 3

- **Understanding people and language** ●●●●●
- Memory, motivation & emotions ●●●●○

Naturalistic — RANK 4

- **Sense of position & space** ●●●●●
- Love of nature, plants & animals ●●●○○

Visual-Spatial — RANK 5

- Seeing shapes & space ●●●○○
- 3D space sense ●○○○○

Logical — RANK 5

- Number skills ●●●●○
- Problem solving & abstract thinking ●●●○○
- Complex visual puzzles ●○○○○

Bodily-Kinesthetic — RANK 6

- Fine hand skills & body sense ●●●○○
- Using the senses together ●●○○○

Each intelligence is built from smaller skills; the dots compare your 18 skills. Each element comes from one finger, while an intelligence blends several - so a strong element can sit inside a lower-ranked intelligence: use it as your way in.

●●●●● your strongest ●●●○○ middle ●○○○○ to practise

CAREER GUIDANCE

Activities That Suit You

Fifteen activities, best fit first - the gauge shows how well each one fits your intelligences.

Your best activities: Diary Writing, Photography and Debate

Hobbies that grow your strongest intelligences - and are fun to do.

RANK 1	RANK 2	RANK 3	RANK 4	RANK 4
4/5	4/5	3/5	3/5	3/5
Diary Writing	**Photography**	**Debate**	**Aerobics**	**Cookery**
RANK 4	RANK 4	RANK 4	RANK 4	RANK 5
3/5	3/5	3/5	3/5	3/5
Musical Instrument	**Outdoor Games**	**Trekking**	**Cycling**	**Calligraphy**
RANK 6	RANK 6	RANK 6	RANK 7	RANK 8
3/5	3/5	3/5	2/5	1/5
Dance	**Dramatics**	**Drawing**	**Chess**	**Computers**

5/5 Excellent · **4/5** Very good · **3/5** Good · **2/5** Fair · **1/5** Explore later

Rank = your own order, best first. Fit level = how strong the match is. Several items can share a level.

What you should do

your top three, best first

RANK 1 **Diary Writing** - write a few lines about your day every night. It draws on your **Bodily-Kinesthetic** (rank 6 - to build), helped by your **Intrapersonal** (rank 1) and **Musical** (rank 3).

RANK 2 **Photography** - take photos and notice light, colour and detail. It draws on your **Naturalistic** (rank 4), helped by your **Musical** (rank 3) and **Visual-Spatial** (rank 5 - to build).

RANK 3 **Debate** - join debates and speak on both sides of a topic. It draws on your **Linguistic** (rank 2), helped by your **Interpersonal** (rank 3) and **Logical** (rank 5 - to build).

How to start

- Pick two activities from your top three
- Do each one at least twice a week for four weeks
- Keep the one you enjoy most - and add the next one
- Activities lower down are fine for fun, not for focus

CAREER GUIDANCE

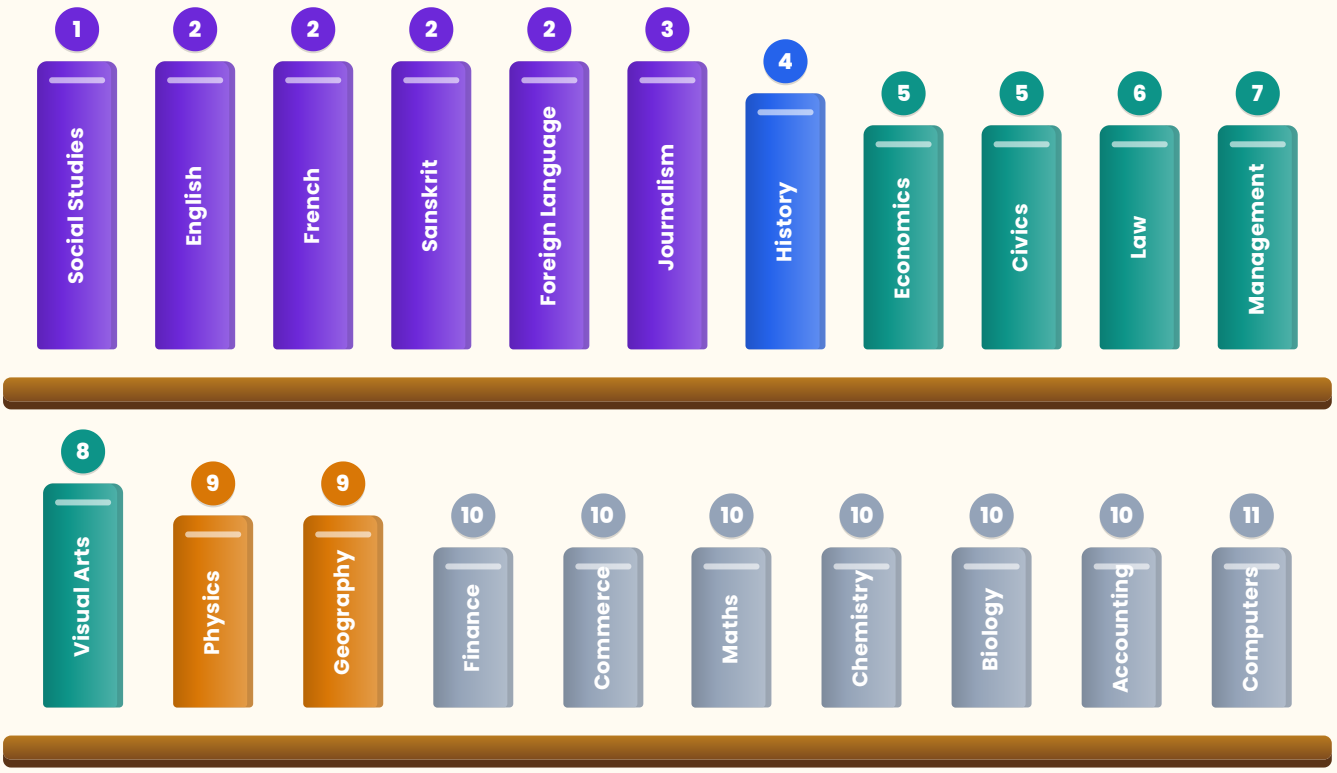

Subjects That Suit You

Twenty-one subjects, best fit first - your natural strengths make these easier to learn.

Your best subjects: Social Studies, English, French and 2 more

Use these as your starting point when you choose a stream and electives - along with your marks, your interest and your counsellor's advice.

YOUR SUBJECT SHELF – THE NUMBER IS THE RANK; TALLER BOOK, BETTER FIT

Excellent fit · Very good fit · Good fit · Fair fit · Needs more effort

Rank = your own order, best first. Fit level = how strong the match is. Several items can share a level.

Your top subjects

best first

RANK 1 **Social Studies** - people, society and ideas; it draws on your Intrapersonal (rank 1), helped by your Linguistic (rank 2) and Interpersonal (rank 3).

RANK 2 **English** - reading, writing and speaking well; it draws on your Linguistic (rank 2), helped by your Interpersonal (rank 3) and Musical (rank 3).

RANK 2 **French** - a foreign language and culture; it draws on your Linguistic (rank 2), helped by your Interpersonal (rank 3) and Musical (rank 3).

What you should do

- Pick your stream so it holds most of your top subjects
- Spend extra time on your rank 1 and 2 subjects
- Lower subjects need more time and a different method - use your top intelligences to learn them
- Ask your teacher for projects in your best subject

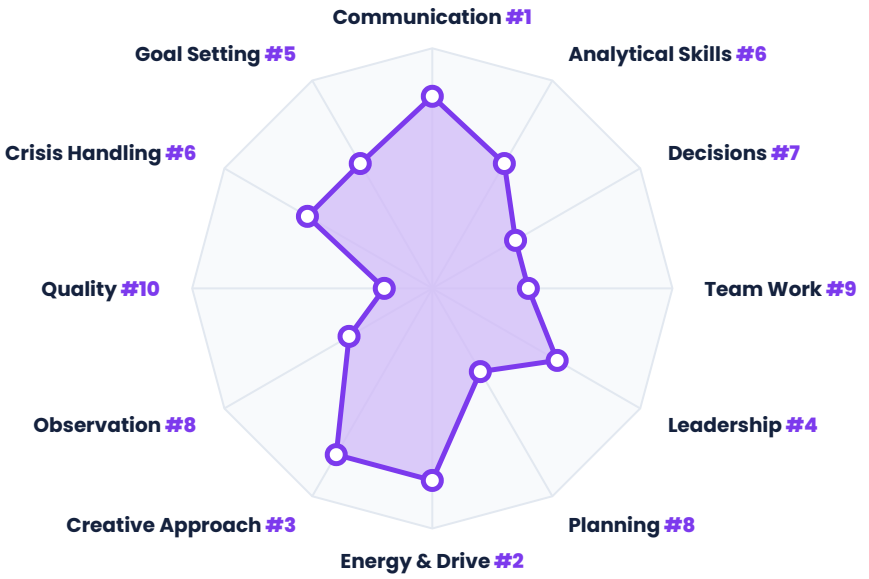

CAREER GUIDANCE

Your Management Skills

Twelve skills used at school, at work and in life - your strongest first.

Your natural management strengths: Communication, Energy Level - Drive, Creative Approach

The bigger the shape reaches out, the stronger that skill.

RANK 1	Communication	●●●●●
RANK 2	Energy Level - Drive	●●●●●
RANK 3	Creative Approach	●●●●●
RANK 4	Leadership	●●●●●
RANK 5	Goal Setting	●●●●●
RANK 6	Analytical Skills	●●●●●
RANK 6	Crisis Management	●●●●●
RANK 7	Decision Making Abilities	●●●●●
RANK 8	Strategic Planning	●●●●●
RANK 8	Critical Observation	●●●●●
RANK 9	Team Work	●●●●●
RANK 10	Quality Adherence	●●●●●

●●●●● Excellent fit ●●●●● Very good fit ●●●●● Good fit ●●●●● Fair fit ●●●●● Explore later

Rank = your own order, best first. Fit level = how strong the match is. Several items can share a level.

Lead with these

your top three skills

RANK 1 **Communication** - sharing ideas clearly with others. Use it: speak up once in every class or meeting.

RANK 2 **Energy Level - Drive** - staying active and driven. Use it: keep a daily routine with sport or exercise.

RANK 3 **Creative Approach** - finding new and different ways. Use it: try one new way of doing a regular task each week.

Build these next

your two lowest skills

RANK 9 **Team Work** - working well with others. Build it: take one shared task with friends or classmates.

RANK 10 **Quality Adherence** - doing things right, every time. Build it: check your work with a simple checklist.

CAREER GUIDANCE

Departments That Suit You

Eleven departments of an organisation, best fit at the top.

Departments you fit best: Human Resources, Marketing & Sales, Management

Where you would do your best work inside any company.

BEST FIT

RANK 1 — **Human Resources**
hires, trains and looks after people

RANK 2 — **Marketing & Sales**
finds customers and sells products

RANK 3 — **Management**
leads people and runs the organisation

GOOD FIT

RANK 4 — **Research & Development**
researches and invents new products

RANK 5 — **Operations**
keeps the daily work running smoothly

RANK 5 — **Administration**
keeps records, offices and systems in order

RANK 6 — **Manufacturing**
makes the products

POSSIBLE

RANK 7 — **Finance**
manages money, budgets and investment

RANK 7 — **Purchase**
buys materials at the best price

RANK 8 — **Planning**
plans projects, time and resources

RANK 8 — **Legal**
handles contracts, rules and law

Why these fit you

RANK 1 **Human Resources** - hires, trains and looks after people; it draws on your Interpersonal (rank 3), helped by your Linguistic (rank 2) and Musical (rank 3).

RANK 2 **Marketing & Sales** - finds customers and sells products; it draws on your Linguistic (rank 2), helped by your Interpersonal (rank 3) and Naturalistic (rank 4).

RANK 3 **Management** - leads people and runs the organisation; it draws on your Interpersonal (rank 3), helped by your Intrapersonal (rank 1) and Bodily-Kinesthetic (rank 6 - to build).

What you should do

- Look for internships in your best-fit departments
- Talk to someone who works in your rank 1 department
- In any job, ask for tasks close to these departments

CAREER GUIDANCE

Your Career Fields

Nineteen career fields, ranked from your intelligences - roles are examples, not limits.

Your top career fields: Foreign Languages, Education and Literature & History

All 19 fields, best fit first. Your top-ranked fields are explained in full next, then the rest in brief.

RANK 1	**Foreign Languages** Translator, Language Teacher, News Reader	●●●●●
RANK 1	**Education** School Teacher, Professor, Career Counsellor	●●●●●
RANK 2	**Literature & History** Author, Poet, Literature Teacher	●●●●○

RANK 11	**Agriculture, Forestry & Fisheries** Agricultural Engineer, Forest Officer, Veterinarian	●○○○○
RANK 11	**Finance** Chartered Accountant, Tax Consultant, Investment Banker	●○○○○
RANK 12	**Information Technology** Software Engineer, Web Developer, Network Engineer	●○○○○

●●●●● Excellent fit ●●●●○ Very good fit ●●●○○ Good fit ●●○○○ Fair fit ●○○○○ Explore later

Rank = your own order, best first. Fit level = how strong the match is. Several items can share a level.

CAREER GUIDANCE

Your Rank 1 Career Fields - In Detail

What the field is, why it fits you, the roles you can play and how to get there.

RANK 1 Foreign Languages

Using languages to connect people and cultures.

●●●●● **Excellent fit**

Why it fits you: it draws on your **Linguistic** (rank 2), helped by your **Interpersonal** (rank 3) and **Musical** (rank 3).

ROLES YOU CAN PLAY

- **Translator** - turns one language into another
- **Language Teacher** - teaches languages
- **News Reader** - presents news on TV or radio
- **Anchor / Radio Jockey** - hosts shows
- **Writer / Author** - writes books and articles

SKILLS TO BUILD

Listening · Speaking · Memory for words

SUBJECTS

Foreign Language (rank 2), French (rank 2), English (rank 2)

DEPARTMENTS

Marketing & Sales (rank 2), Human Resources (rank 1), Administration (rank 5)

HOW TO GET THERE

Any stream with a language → BA in a foreign language → Language certificates and regular speaking practice

TRY IT THIS MONTH

A role to explore first: **Translator**

1. Learn ten new words a week
2. Watch a film in another language
3. Write a short diary in it

RANK 1 Education

Teaching, guiding and shaping how people learn.

●●●●● **Excellent fit**

Why it fits you: it draws on your **Linguistic** (rank 2), helped by your **Interpersonal** (rank 3) and **Musical** (rank 3).

ROLES YOU CAN PLAY

- **School Teacher** - teaches children
- **Professor** - teaches in college
- **Career Counsellor** - guides career choices
- **Principal** - leads a school
- **Academic Consultant** - improves how schools teach

SKILLS TO BUILD

Explaining · Patience · Caring for learners

SUBJECTS

English (rank 2), Social Studies (rank 1), Civics (rank 5)

DEPARTMENTS

Human Resources (rank 1), Administration (rank 5), Management (rank 3)

HOW TO GET THERE

Any stream → Graduation in your subject, then B.Ed → Teaching practice and M.Ed

TRY IT THIS MONTH

A role to explore first: **School Teacher**

1. Teach a younger child one topic
2. Explain a lesson to your family
3. Help a friend before exams

CAREER GUIDANCE

Career Fields Ranked 2 and 3 – In Detail

What the field is, why it fits you, the roles you can play and how to get there.

RANK 2 Literature & History

Reading, writing and understanding stories and the past.

●●●●○ **Very good fit**

Why it fits you: it draws on your **Linguistic** (rank 2), helped by your **Intrapersonal** (rank 1) and **Logical** (rank 5 - to build).

ROLES YOU CAN PLAY

- **Author** - writes books
- **Poet** - writes poems and songs
- **Literature Teacher** - helps students enjoy books
- **Reporter** - writes news
- **Historian** - studies the past

SKILLS TO BUILD

Reading · Writing · Reflection

SUBJECTS

English (rank 2), History (rank 4), Sanskrit (rank 2)

DEPARTMENTS

Administration (rank 5), Research & Development (rank 4)

HOW TO GET THERE Humanities → BA in Literature / History → MA, writing and research

TRY IT THIS MONTH

A role to explore first: **Author**

1. Read one book a month
2. Write a page about your day
3. Visit a museum or fort

RANK 3 Sociology & Psychology

Understanding people and helping them live better.

●●●○○ **Good fit**

Why it fits you: it draws on your **Intrapersonal** (rank 1), helped by your **Interpersonal** (rank 3) and **Logical** (rank 5 - to build).

ROLES YOU CAN PLAY

- **Psychologist** - helps people with their mind and feelings
- **Counsellor** - guides people through choices
- **Social Worker** - supports people in need
- **Education Trainer** - trains teachers and learners
- **Anthropology Researcher** - studies cultures

SKILLS TO BUILD

Listening · Empathy · Understanding people

SUBJECTS

Social Studies (rank 1), Biology (rank 10), English (rank 2)

DEPARTMENTS

Human Resources (rank 1), Administration (rank 5)

HOW TO GET THERE Humanities or any stream → BA / B.Sc in Psychology or Sociology → MA and supervised practice

TRY IT THIS MONTH

A role to explore first: **Psychologist**

1. Keep a feelings journal
2. Listen fully to one friend daily
3. Read one psychology article weekly

CAREER GUIDANCE

Career Fields Ranked 4 and 5 – In Detail

What the field is, why it fits you, the roles you can play and how to get there.

RANK 4 Political Affairs

Serving the public, making laws and running government.

●●●○○ Good fit

Why it fits you: it draws on your **Interpersonal** (rank 3), helped by your **Linguistic** (rank 2) and **Logical** (rank 5 - to build).

ROLES YOU CAN PLAY

- **Lawyer** - argues cases in court
- **IAS / IPS Officer** - runs public services
- **Judge** - decides cases
- **Public Relations Officer** - speaks for an organisation
- **Government Officer** - runs public offices

SKILLS TO BUILD

Speaking | Reasoning | Leadership

SUBJECTS

Civics (rank 5), Law (rank 6), History (rank 4)

DEPARTMENTS

Legal (rank 8), Administration (rank 5), Management (rank 3)

HOW TO GET THERE Humanities or any stream → BA / LLB → Civil services exam or law practice

TRY IT THIS MONTH — A role to explore first: **Lawyer**

1. Join a debate or a Model United Nations (MUN)
2. Read the main news daily
3. Discuss one issue with elders

RANK 5 Management

Running businesses, teams and projects.

●●●○○ Good fit

Why it fits you: it draws on your **Interpersonal** (rank 3), helped by your **Intrapersonal** (rank 1) and **Bodily-Kinesthetic** (rank 6 - to build).

ROLES YOU CAN PLAY

- **Business Manager** - runs a business unit
- **Marketing Manager** - plans how products reach people
- **HR Manager** - looks after people
- **Sales Executive** - wins customers
- **Customer Service Executive** - helps customers

SKILLS TO BUILD

Leadership | Communication | Planning

SUBJECTS

Management (rank 7), Commerce (rank 10), Economics (rank 5)

DEPARTMENTS

Management (rank 3), Marketing & Sales (rank 2), Human Resources (rank 1)

HOW TO GET THERE Commerce or any stream → BBA, then MBA → Internships and team roles

TRY IT THIS MONTH — A role to explore first: **Business Manager**

1. Plan one family outing
2. Lead a small class project
3. Keep a weekly to-do list

CAREER GUIDANCE

Career Fields Ranked 6 to 8 – In Brief

Your other fields, in rank order, with the roles you can play and the first steps.

RANK 6 Construction & Design

Good fit

Designing and building spaces, buildings and products. It draws on your **Visual-Spatial** (rank 5 - to build), helped by your **Musical** (rank 3) and **Logical** (rank 5 - to build).

ROLES YOU CAN PLAY

- **Architect** - designs buildings
- **Interior Designer** - plans how rooms look
- **Site Engineer** - runs the work on a building site
- **Fashion Designer** - creates clothing

HOW TO GET THERE

1. Science with Maths, or Arts
2. B.Arch / B.Des / B.Tech Civil
3. Portfolio and site experience

SKILLS TO BUILD

Drawing · Space sense · Creativity

TRY IT THIS MONTH

1. Sketch the plan of your room
2. Build a model from cardboard
3. Visit a building site with an adult

RANK 7 Sports

Good fit

Playing, coaching and managing sport and fitness. It draws on your **Bodily-Kinesthetic** (rank 6 - to build), helped by your **Musical** (rank 3) and **Naturalistic** (rank 4).

ROLES YOU CAN PLAY

- **Athlete** - plays at a high level
- **Coach** - trains players
- **Fitness Trainer** - guides exercise
- **Gym Owner** - runs a fitness centre

HOW TO GET THERE

1. Any stream with daily training
2. B.P.Ed / sports science
3. Competitions and coaching certificates

SKILLS TO BUILD

Fitness · Team spirit · Discipline

TRY IT THIS MONTH

1. Train at the same time daily
2. Join a team or club
3. Keep a fitness log

RANK 8 Mass Media & Communication

Good fit

Telling stories and sharing news through media. It draws on your **Linguistic** (rank 2), helped by your **Visual-Spatial** (rank 5 - to build) and **Bodily-Kinesthetic** (rank 6 - to build).

ROLES YOU CAN PLAY

- **Reporter** - finds and reports news
- **Editor** - shapes stories and content
- **Script Writer** - writes for film and video
- **Advertising Designer** - creates ads

HOW TO GET THERE

1. Any stream, strong in English
2. BA in Mass Communication / Journalism
3. Internships at media houses

SKILLS TO BUILD

Writing · Speaking · Creativity

TRY IT THIS MONTH

1. Write one short news story
2. Record a two-minute talk
3. Interview a family elder

CAREER GUIDANCE

Career Fields Ranked 9 and 10 – In Brief

Your other fields, in rank order, with the roles you can play and the first steps.

RANK 9 Arts & Performance

Good fit

Creating art, dance and performances that move people. It draws on your **Bodily-Kinesthetic** (rank 6 - to build), helped by your **Musical** (rank 3) and **Visual-Spatial** (rank 5 - to build).

ROLES YOU CAN PLAY

- **Painter** - creates artworks
- **Choreographer** - designs dances
- **Art Teacher** - helps students draw and paint
- **Sculpture Teacher** - teaches sculpting

HOW TO GET THERE

1. Any stream with art practice
2. BFA / dance or art diploma
3. Portfolio, shows and performances

SKILLS TO BUILD

Imagination · Practice · Expression

TRY IT THIS MONTH

1. Fill one sketchbook page daily
2. Copy a master painting
3. Show your work to someone

RANK 9 Music

Good fit

Making, teaching and producing music. It draws on your **Musical** (rank 3), helped by your **Visual-Spatial** (rank 5 - to build) and **Bodily-Kinesthetic** (rank 6 - to build).

ROLES YOU CAN PLAY

- **Musician** - performs on an instrument
- **Singer** - performs songs on stage and in studios
- **Music Composer** - creates music
- **Sound Engineer** - records and mixes sound

HOW TO GET THERE

1. Any stream with music practice
2. Music degree or diploma
3. Performances and recordings

SKILLS TO BUILD

Ear for sound · Rhythm · Daily practice

TRY IT THIS MONTH

1. Practise twenty minutes every day
2. Learn one new song a week
3. Perform for family or friends

RANK 10 Engineering

Fair fit

Designing and building machines, structures and systems. It draws on your **Logical** (rank 5 - to build), helped by your **Naturalistic** (rank 4) and **Visual-Spatial** (rank 5 - to build).

ROLES YOU CAN PLAY

- **Mechanical Engineer** - designs machines and engines
- **Civil Engineer** - builds roads and buildings
- **Electrical Engineer** - works on power and circuits
- **Electronics Engineer** - designs devices and chips

HOW TO GET THERE

1. Science with Physics, Chemistry and Maths
2. Engineering entrance and B.Tech / B.E.
3. Internships, then M.Tech or industry

SKILLS TO BUILD

Maths · Design thinking · Hands-on building

TRY IT THIS MONTH

1. Take apart and rebuild an old gadget
2. Make one working model
3. Visit a workshop or factory

CAREER GUIDANCE

Career Fields Ranked 10 (continued) and 11 - In Brief

Your other fields, in rank order, with the roles you can play and the first steps.

RANK 10 Earth & Environment

Fair fit

Studying the earth, climate and environment and protecting them. It draws on your **Naturalistic** (rank 4), helped by your **Visual-Spatial** (rank 5 - to build) and **Logical** (rank 5 - to build).

ROLES YOU CAN PLAY

- **Geologist** - studies rocks and the earth
- **Environmental Researcher** - protects air, water and land
- **City Planner** - plans how towns grow
- **Cartographer** - makes maps

HOW TO GET THERE

1. Science with Geography
2. B.Sc in Geology / Environmental Science
3. Field projects and M.Sc

SKILLS TO BUILD

Observation · Maps and space · Research

TRY IT THIS MONTH

1. Collect and label five rocks
2. Measure rainfall for a month
3. Map green spaces near you

RANK 11 Mathematics & Analytics

Explore later

Working with numbers, data and patterns to find answers. It draws on your **Logical** (rank 5 - to build), helped by your **Naturalistic** (rank 4) and **Bodily-Kinesthetic** (rank 6 - to build).

ROLES YOU CAN PLAY

- **Statistician** - makes sense of data
- **Business Analyst** - turns data into decisions
- **Actuary** - measures risk
- **Mathematician** - solves problems with maths

HOW TO GET THERE

1. Science or Commerce with Maths
2. B.Sc in Maths / Statistics
3. Data or analytics courses

SKILLS TO BUILD

Numbers · Logic · Attention to detail

TRY IT THIS MONTH

1. Track a number in your life
2. Solve one logic puzzle daily
3. Read one data story online

RANK 11 Medicine

Explore later

Keeping people healthy and treating illness. It draws on your **Bodily-Kinesthetic** (rank 6 - to build), helped by your **Naturalistic** (rank 4) and **Logical** (rank 5 - to build).

ROLES YOU CAN PLAY

- **Doctor** - diagnoses and treats patients
- **Surgeon** - performs operations
- **Pharmacist** - prepares and advises on medicines
- **Nutritionist** - guides healthy eating

HOW TO GET THERE

1. Science with Biology and Chemistry
2. NEET and MBBS / B.Pharm / nursing
3. Internship and specialisation

SKILLS TO BUILD

Care for people · Patience · Science

TRY IT THIS MONTH

1. Learn basic first aid
2. Talk to a doctor about a normal working day
3. Read about one body system

CAREER GUIDANCE

Career Fields Ranked 11 (continued) and 12 - In Brief

Your other fields, in rank order, with the roles you can play and the first steps.

RANK 11 Life Sciences

Explore later

Discovering how living things work - plants, animals and genes. It draws on your **Naturalistic** (rank 4), helped by your **Logical** (rank 5 - to build) and **Bodily-Kinesthetic** (rank 6 - to build).

ROLES YOU CAN PLAY

- **Biotechnologist** - uses living cells to make products
- **Pathology Researcher** - studies disease
- **Botanist** - studies plants

HOW TO GET THERE

1. Science with Biology
2. B.Sc in Life Sciences / Biotechnology
3. M.Sc and research

SKILLS TO BUILD

Curiosity · Lab work · Observation

RANK 11 Agriculture, Forestry & Fisheries

Explore later

Growing food and caring for land, forests and animals. It draws on your **Naturalistic** (rank 4), helped by your **Logical** (rank 5 - to build) and **Bodily-Kinesthetic** (rank 6 - to build).

ROLES YOU CAN PLAY

- **Agricultural Engineer** - brings technology to farming
- **Forest Officer** - protects forests
- **Veterinarian** - treats animals

HOW TO GET THERE

1. Science with Biology
2. B.Sc Agriculture / Forestry / Veterinary
3. Field work and specialisation

SKILLS TO BUILD

Love of nature · Observation · Patience

RANK 11 Finance

Explore later

Managing money, tax and investment. It draws on your **Logical** (rank 5 - to build), helped by your **Naturalistic** (rank 4) and **Bodily-Kinesthetic** (rank 6 - to build).

ROLES YOU CAN PLAY

- **Chartered Accountant** - keeps accounts and audits
- **Tax Consultant** - advises on tax
- **Investment Banker** - raises money for companies

HOW TO GET THERE

1. Commerce with Maths
2. B.Com, CA / CFA
3. Articleship and finance roles

SKILLS TO BUILD

Numbers · Accuracy · Planning

RANK 12 Information Technology

Explore later

Building software, websites, networks and digital tools. It draws on your **Logical** (rank 5 - to build), helped by your **Visual-Spatial** (rank 5 - to build) and **Bodily-Kinesthetic** (rank 6 - to build).

ROLES YOU CAN PLAY

- **Software Engineer** - writes the code behind apps
- **Web Developer** - builds websites
- **Network Engineer** - keeps computers connected

HOW TO GET THERE

1. Science with Maths and Computers
2. B.Tech / BCA in Computer Science
3. Projects, internships and certifications

SKILLS TO BUILD

Coding · Logical thinking · Problem solving

YOUR SUMMARY

How to Get the Best from Me

One page about me, from my own results - for family, teachers, friends and colleagues.

I am Gaurav - The Strategic Achiever

Eagle with Owl. Read this page to understand how I think, learn and work - and how to help me be at my best.

BRAIN **Left-led, slightly** 52%	I THINK **Object driven** 63%	I LEARN BY **Hearing**
I PICK UP KNOWLEDGE **Self-Cognitive** 70%	UNDER PRESSURE I USE **Creativity (CQ)**	MY TOP TOOL **Intrapersonal**

01 TALK TO ME

Get to the point - give me the bottom line first.

Try this: Keep it short and talk about the solution, not the problem.

02 TEACH ME

Tell me, and let me talk it through.

Try this: Tell me why before you tell me what. Explain it aloud and let me repeat it back in my words.

03 WHAT DRIVES ME

A real challenge, a clear target and the chance to win.

Try this: Give me the goal and the freedom to find my own way.

04 GIVE ME FEEDBACK

Be direct and brief.

Try this: Tell me what to fix, then let me fix it my way.

05 WHERE I SHINE

My best tools are Intrapersonal, Linguistic, Musical and Interpersonal.

Try this: Give me work where I can plan it myself and think it through alone.

06 UNDER PRESSURE

I find a new way around the problem.

Try this: After a setback, remind me of one small win and help me restart.

PLEASE DO

- Give me responsibility and a deadline
- Let me lead something small
- Recognise results, not just effort
- Give me a real challenge to win

PLEASE DON'T

- Micromanage every step
- Keep me waiting without a reason
- Drag out an argument - I want a decision
- Take away my say in how it is done

Share this page with anyone who lives, studies or works with me. The next pages say more - for my parents, my teachers, my career and the people I work with - and the last page puts it all in one picture.

YOUR SUMMARY

For My Parents

How to raise, support and study with me - from my own results.

Dear Mummy and Papa,

I am **The Strategic Achiever** - Eagle with Owl. This page is how you can help me grow, at home and with my studies.

Goal Oriented | Strongly Willed | Originality

Every day at home

- ✓ Give me small jobs I fully own - pocket money, a pet, a plan
- ✓ Offer two choices, not orders
- ✓ Set a target and celebrate when I hit it
- ✗ Win every argument with power
- ✗ Do for me what I can do myself
- ✗ Make every decision for me

Talk to me the right way

WHEN I DO WELL
Praise what I achieved: "You set that goal and you did it."

WHEN I GET IT WRONG
Correct me briefly, then hand the fix back to me.

WHEN I AM STRESSED, YOU WILL SEE
I get bossy, short-tempered or rush things.

WHAT CALMS ME
Remind me how I managed last time - one small step at a time.

Help me study - I learn by hearing

- A quiet room - background noise distracts me
- Let me read aloud and teach you the topic
- Revise with me by asking questions

Object driven: Start every topic with "why this matters" - a real-life use keeps me going.

Feed my strengths, gently grow the rest

STRONG	STRONG	STRONG	STRONG	GROWING	GROWING
Intrapersonal	**Linguistic**	**Musical**	**Interpersonal**	**Logical**	**Bodily-Kinesthetic**
a feelings journal and setting one weekly goal	bedtime reading, word games and writing a short diary	singing, an instrument and learning with rhythm	team games, group projects and helping a friend	puzzles, board games and cooking with measuring	daily sport, dance or building with hands

SAY YES TO Diary Writing | Photography | Debate | Aerobics

YOUR SUMMARY

For My Teachers

How I learn best in class - a page to hand to every teacher and tutor.

NOTES FOR MY TEACHER

I learn by hearing, I am object driven and I am mainly Self-Cognitive - teach me that way and I will give you my best.

How to teach me

- Explain aloud and let me ask questions
- Use discussion, pair talk and read-aloud
- Seat me away from noise - doors, windows, chatter

Focus: I focus best in short blocks of listening, then need a chance to talk.

START THE LESSON

Begin with the purpose or a real example - I switch on when I know why.

KEEP ME GOING

Give me a target and some choice in how I reach it.

IN GROUP WORK

Give me a role: leader, timekeeper, captain. I may take over a group - teach me to share the lead.

TESTS THAT SHOW WHAT I KNOW

Oral exams, viva and answers about what was discussed in class

TESTS THAT HIDE WHAT I KNOW

Long reading passages with timed written answers - give me a moment, or let me show it another way.

My subjects

WHERE I SHINE

- 1 Social Studies
- 2 English
- 2 French
- 2 Sanskrit
- 2 Foreign Language

NEEDS PATIENCE

- 11 Computers

Use my strongest intelligences to teach any subject

Intrapersonal — RANK 1

Let me set my own goal for it and work alone.

Linguistic — RANK 2

Let me read, write or explain it in my own words.

Musical — RANK 3

Put it into a rhythm, rhyme or song.

Interpersonal — RANK 3

Let me learn it in a pair or a small group.

YOUR SUMMARY

My Career Compass

Four directions from my results - what to aim for, study, lead with and where I fit.

My direction: Foreign Languages and Education

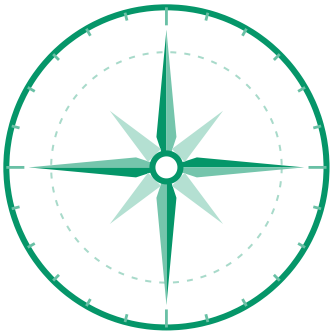

In any of these, I do best where I own the result and can move fast.

N Careers to aim for

1. **Foreign Languages**
   First role: Translator
1. **Education**
   First role: School Teacher
2. **Literature & History**
   First role: Author

W Lead with these skills

1. Communication
2. Energy Level - Drive
3. Creative Approach

E Where I fit at work

1. Human Resources
2. Marketing & Sales
3. Management

S What to study

My top career is open to any stream

My subjects point to: Humanities

IN THIS STREAM

1. Social Studies
2. English
2. French

My first 90 days

1-30 EXPLORE

- Explore Foreign Languages: listen to talks and discuss with someone in the field
- Learn ten new words a week
- Read about the Translator role

31-60 BUILD

- Practise listening and speaking
- Watch a film in another language
- Grow my lead skill: Communication

61-90 DECIDE

- Talk to a translator or a language teacher
- Choose subjects for the Humanities stream
- Review this plan with my counsellor

Watch out when choosing: as an Eagle, my risk is choosing only what is fast and impressive, so I should check the facts too.

YOUR SUMMARY

How to Work with Me

For managers, teammates and partners - how I work at my best.

MY ROLE IN A TEAM

The Driver

I set the pace and push for results.

MY TOP SKILLS
1. Communication
2. Energy Level - Drive
3. Creative Approach

HOW TO BRIEF ME
Brief me in a short call or a quick chat, then confirm by message.

HOW I DECIDE
I decide with logic and like to act quickly once it adds up.

MY BEST SET-UP
Give me ownership and a clear goal, then check in once a week.

REVIEWING MY WORK
Keep reviews short and about results - agree the next target there and then.

Give me these kinds of tasks

1 Intrapersonal
Tasks I can plan and think through on my own

2 Linguistic
Tasks that involve reading, writing, speaking or explaining

3 Musical
Tasks that involve sound, rhythm or music

3 Interpersonal
Tasks with people - teams, helping, persuading

Under pressure

Strength: Count on me for a fresh idea when plans fail.

Support: After a failure, help me reset with a quick next win.

Pair me with a Dove

On a team, a Dove brings the patience and people care I can skip. Also partner me with someone strong in **Bodily-Kinesthetic** - my lowest intelligence - for movement, sport and hands-on work.

DEPARTMENTS WHERE I ADD MOST
1. Human Resources
2. Marketing & Sales
3. Management

YOUR SUMMARY

Me in One Page

My whole report in one picture - who I am, how my mind works, my powers and my path.

IN ONE LINE

Gaurav is **The Strategic Achiever** - a slightly left-brain-led, object driven person who learns by hearing, leads with **Intrapersonal**, **Linguistic**, **Musical** and **Interpersonal** intelligence, and is best suited to **Foreign Languages and Education.**

My bird is how I behave with people; my intelligences are the skills that come easily - the two can differ.

Who I am

Personality	**Eagle + Owl**
Type	**The Strategic Achiever**

Goal Oriented
Strongly Willed
Originality

Watch: impatience and missing what others need

How my mind works

Brain	**Left-led, slightly 52%**
Thinking	**Object driven 63%**
Knowledge	**Self-Cognitive 70%**

HOW I LEARN, BY RANK

1. Auditory
2. Visual
3. Kinesthetic

My powers

UNDER PRESSURE

1	2	3	4
CQ	IQ	EQ	AQ

TOP INTELLIGENCES

1. Intrapersonal
2. Linguistic
3. Musical
3. Interpersonal

MY SHARPEST SMALL SKILLS

Body-language signals, Understanding people and language, Sense of position & space

My path, best first

Activities
1. Diary Writing
2. Photography
3. Debate

Subjects
1. Social Studies
2. English
2. French

Skills
1. Communication
2. Energy Level - Drive
3. Creative Approach

Departments
1. Human Resources
2. Marketing & Sales
3. Management

Careers
1. Foreign Languages
1. Education
2. Literature & History

My three takeaways

USE My Intrapersonal and Linguistic strengths in study, work and play.

GROW My Bodily-Kinesthetic side and my bouncing back (AQ), a little every week.

AIM Foreign Languages or Education - open from any stream; my subjects point to Humanities.
